Supporting Success for All Students through Local School Board Leadership

The Nevada Association of School Boards envisions a state where the public schools are widely recognized as the foundation of a free and democratic society, where local citizen governing boards are fully vested with the means to advance the best interests of their students and the public, and where the futures of all children are driven by their aspirations, not bounded by their circumstances.

List of Nevada School Board Members Revised October 2014

| Name of District and Board Member | District Web Address or Board Member Email Address | Telephone Number |
