

What Do We Know About Nevada's Students?

During the 2009-10 school year, among every ten students in public schools—

- ✓ **More than four lived in poverty and received Free/Reduced Lunch;**
- ✓ **About two were English Language Learners;**
- ✓ **More than one received services for students with disabilities;**
- ✓ **More than five were male;**
- ✓ **About six were non-white;**
- ✓ **More than three attend more than one school during the year;**
- ✓ **More than nine attend school in districts that achieved Adequate Yearly Progress;**
- ✓ **About nine attend school almost every day;**
- ✓ **More than two in every ten secondary students report that they had made a plan to commit suicide or tried to commit suicide;**
- ✓ **More than three in every ten secondary students report being the victim of teasing or name calling based on their racial or ethnic background.**
